

STEPHEN KIM FOR SECRETARY

Dear Fellow APALA/NJ Members:

I respectfully ask for your support as I submit my candidacy for Secretary of APALA/NJ.

My credentials for your consideration include:

- over 9-years experience as a corporate/transactional attorney gained in private practice with various law firms and as in-house counsel with global corporations and start-up companies – which has provided me with insight as to both the common issues faced by all of us as attorneys as well as certain issues that may be unique to those attorneys in larger firms, smaller firmers, in-house or public service, respectively;
- experience serving as a director and/or officer with various business corporations and non-profit corporations – which has provided me with experience as to the need to be principled as well as practical in fulfilling the duties of the office; and
- over 4-years as an active member in APALA/NJ with consistent attendance at APALA/NJ events and support of APALA/NJ initiatives – which has provided me with knowledge as to APALA/NJ's goals and objectives, with the privilege of being able to participate in its many occasions for celebration, and with the desire to contribute to its continued success and future growth.

I consider it a privilege to have become good friends with many of you; and would look forward to being able to furthering existing friendships and establishing new relationships while serving our profession and our community; and ask you for your vote to provide me with the opportunity to serve as Secretary for APALA/NJ. Thank you.

Yours truly,

Stephen Kim
